Dear Mr. [Redacted]

When you were in the office a week or two ago, on another matter, we discussed some of the recent activities of Maynard O. Nelsen. I promised to send you a photostatic copy of a promotional piece which he disseminated in November 1954, regarding a Realpolitical Institute, from P. O. Box 1785, Chicago 90, Illinois. I am attaching that photostat herewith. In the event that the Bureau may be interested in further background data on Nelsen, please feel free to direct to our office whoever may be handling the assignment.

According to a report which I received from an individual who was recently solicited by Nelsen, Nelsen alleged that he was well known to the FBI and had in fact visited there several weeks ago to report on certain Communist activity in New York. One of these days, he is even liable to come into your office to report about the ADL!

Kindest regards.

Cordially yours,

Maynard O. Nelsen  
1914 W. School St.  
Chicago, Ill.

On Saturday, January 15, 1955, Maynard Nelsen went to the Peirce Wire Recording Corporation at 5900 N. Northwest Highway in Chicago, Illinois to keep an appointment with [redacted] had received a form letter from Nelsen in which financial support was asked for his "Nationalism" organization. [redacted] contacted the ADL office and with their co-operation made the above appointment with Nelsen.

b6  
b7C

[redacted] described Maynard O. Nelson as 31 years old, 130 pounds in weight, 5'7", very blond hair and very slender in build. He described Nelsen as being somewhat mentally unbalanced. [redacted] unknowing to Nelsen, recorded about one half hour of the conversation which took about 80 minutes in all.

Following is a verbatim report of the conversation of the important parts of the conversation:

NOTE: Only Nelsen's conversation is reported here and it is Nelsen that is speaking.

Nelsen: "First I want to say that I don't know if this conversation is being recorded or not but it does not make much difference anyway. I want to say that my name is Maynard Orlando Nelsen and I am 31 years old. I am married and my wife works for the [redacted] We do not have any children and we live at 1914 W. School Street. We do not have a telephone at home. I am a citizen of the United States and my home is in Minneapolis, Minnesota. My parents came from Norway. I spent three years in the United States Army and I spent time in the South Pacific during my service and I received an honorable discharge in 1946. I attended the University of Minnesota, University of California and University of Iowa. The U.S. Army put me through the University of Iowa. I also served in the R.O.T.C. while in these Universities. I majored in engineering while at school and also took up accounting. While I was in the army in 1946 I got the idea of American Nationalism. It is somewhat like the old America First. I know most of the people that have been active in the old America First movement. I have been active for over 10 years in the Pro-American Underground movements. I am well known to the F.B.I., in fact I was down to the Chicago F.B.I. office about two weeks ago to tell them that members of the Communist Party are infiltrating into the Right Wing Parties of the United States. I told the F.B.I. that a well known member of the Russian N.V.D has been very active in this work in New York. The F.B.I. knows all about me. I have been associated with various Nationalist groups for over ten years. I attended both the Republican and Democratic Conventions in Chicago in 1952. I know what happened to General McArthur. He was double crossed by Robert Taft and Herbert Hoover. I got this information from a good friend of

General McArthur. My father was very active in the C.I.O. Unions in Minneapolis and he took me many times to the C.I.O. meetings many times. I saw them operate but most of the union leaders don't know the score. I obtained a certain toughness from going to those unions. They were uncouth, rough and tough and I would have been associated with those C.I.O. unions but I could not stand their political views. I attended three different colleges and the trouble with those colleges is that they kill the initiative of the individual.

Now I will tell you what my plans are. I want to get a theatre from which to operate. There is a theatre on Milwaukee Avenue not far from here called the "TIMES THEATRE" which is for sale. (NOTE: The Times Theatre is located at 4847 Milwaukee Ave. The theatre is out of business and the marquee states that the theatre is for sale or lease, for information call Bri4-5200). Two people own that property and they were operating the show on a shoestring and I know it can be bought very cheap. One of the owner's is a man named [ ] and he also owns the [ ]. The reason I know all this is because I used to be the Chief Ad Accountant for the Chicago Herald American Newspaper and I was in charge of the ads for theatres, night clubs and amusement places. Now here is my plan. It would take about \$25,000 to handle the deal. We would charge \$1 admission to the theatre. We would start out just one night a week, say on Saturday. We would furnish good speakers on the level of Rev. Gerald K. Smith but much younger and better men. We would give a 2 1/2 hour show of speakers to speak on Americanism. We would get a great deal of negative publicity in all the newspapers and people would pack the house just to see us. There would be many people that would come that do not necessarily believe in our thoughts but they would come to see us because they read about us in the newspapers and also because they would think of us as characters. I have several young buddies about 35 years of age that are now living in the South and there is a good one in Iowa. I would bring in professional speakers that would wow them. We would fill the place and make money. I know what I am talking about because I went through a similar operation while I was at the University of Minnesota. I was called a "bad guy", "a Fascist" and a "Nazi" but I had a following. People will come from all over the United States and from all ages. Kids 17 and 18 years old will follow us. I know all types of people and I know what I am talking about. General Mosely is a personal friend of mine. He is the greatest American today. He is a greater American than General McArthur. It is too bad that General Mosely is not 30 years younger. He is now in his late 70's but his mind is as sharp as when he was 30. Mosely introduced me to a Texas millionaire oilman that thinks like I do. I have many friends in Atlanta, Georgia because I lived there for over a year. General Mosely now lives down there.

b6  
b7c

Now to get back to the Times Theatre. We would have to make the place riot proof first of all to be prepared for anything. Then we would put in a new sound system so the audience could hear well. Of the \$25,000 we would need about \$15,000 to buy the building. The other \$10,000 would go into a general fund to be called the operational fund. Now I don't want to handle the money. I just want to be the Director. We could get a third person to buy the building and then give me a lease on it. No corporation need be formed so we could keep everything secret. If you

form a corporation, the records are open to the public and too many busybodies go sticking their nose around. The Texas oilman is very interested in my proposition. Everything will be accounted for as far as the money goes. I am an accountant and all records will be kept proper. There will be no confidence game because I don't want to be accused of using any of the money for myself. I could start this thing right now on my own in a small hole in the wall store but I would be blasted to pieces and I would wind up in the House of Correction. I must do this in a big way. There is a man that is very wealthy that lives on the North Shore near Chicago that is very wealthy. He is married to a DuPont girl and he is also interested but he is not militant enough. There is a printing company in St. Louis that will do all my printing. He does it for other people with my ideas. When things got going, we would have two performances a week and then three. Judge Armstrong was also a good friend of mine but he died. His estate is tied up right now for tax reasons. It is very funny. A guy like Henry Ford can set up a foundation and be tax free but when H.L. Hunt or Richardson wants to set up a foundation to promote Patriotism the government steps in and says it is not tax free.

In my theatre project, I would not be a speaker but the director. I have had experience. I was the Chief Accountant ~~xxxx~~ for Lippert Pictures Co. (831 S. Wabash Ave., Chicago, Ill.) This is an independent motion picture company that produces and distributes the movies. There were 27 different corporations connected with this company and I handled the whole accounting end of it. It was a nationwide project. The owner was a Jew but he never knew my thoughts. It was while here that I got the idea of making Americanism nationwide by promotion. All it takes is merchandising and some guts.

b6  
b7c

I still say that people will pay to come to a theatre to see "characters" on a stage even if they did not believe in our Americanism. I live in the Lincoln and Belmont area with my wife. I work for a [redacted] who used to be a [redacted] of the Continental Bank in Chicago. In fact [redacted] took me to see a present Vice President of the same bank to try and get a loan to buy the Time Theatre but the man told me that he saw some merit in my project but that the bank would not o.k. a loan for my purpose. [redacted] found out about my ideas when two newspaper reporters came to the office inquiring about me. Also two investigators were around snooping. I told you I will be a sensation with tremendous publicity when I get going. I am as hot as a pistol. [redacted] hires me as an accountant. He has a service contract with a company located in the same building in which we are located, 1315 W. Webster Ave. (Eul-3637). This company makes shades and draperies from imported wood. The wood comes from Germany. [redacted] is also engaged in investments. He makes investigations for people that want to make investments. He tells them if there is merit in the deal. At the present he is interested in a milk machine of some kind. [redacted] did not know when I first went to work for him as an accountant what my political views were and I never let anyone bait me with anti-Communist remarks to draw me out. I never mixed my feelings with my business but he found out about it when the newspaper men came over to the office to inquire. [redacted] came in to see [redacted] the other day for some investment information."

END OF RECORDING

[ ] said that when Maynard Nelson came in he (Nelson) seemed very nervous and was shaking. [ ] tried to put Nelson at ease. During the conversation, [ ] told Nelson that he [ ] had belonged to the America First group but Nelson said that he knew most of the active America Firsters and that he did not remember [ ] Also during the conversation [ ] said that he needed some printing done and gave Nelson a sample of what was needed. He asked Nelson to send it to his St Louis Printer and get an estimate of cost. Nelson said he would do that and report back. At the time of this report Nelson had not reported back. [ ] asked Nelson for his business card but Nelson said that he did not have one. Instead he wrote his name and home and business address on a piece of paper. This is enclosed with this report.

b6

A check was made at the home of Maynard O. Nelson. He gave his address as 1914 W. School Street. This is an old German community and the homes are old and of the wooden frame type. 1914 W. School is an old frame two story building with a basement flat. A check of the name on the mailbox showed only [ ] There was no name of Nelson on the mailbox. A check of the recent Election Poll list shows no name of Nelson. The election list for that address lists the following:

Maynard O. Nelsen and the Realpolitical Institute, Chicago, Ill.

Some weeks ago, as part of the checking I was doing on the subject proposition, I had occasion to check with [redacted] of the Better Business Bureau at 14 E. Jackson Blvd., Chicago. (Phone number: WE 9-4171). I wanted to make sure that her office was aware of this unusual outfit, on the chance that some of the business firms that might be solicited would be looking to the BBB for appropriate counsel. In a routine fashion, [redacted] sent a typical BBB inquiry to Nelsen, asking about his bona fides. His response was rather interesting, as you will note from the attached copy of what he sent to the BBB on March 5, 1955. You will note that I am sending a copy of this memo to [redacted] of the Chicago FBI Office, with whom I have been in touch on this and similar problems.

Nelsen is still sending out mailings for his big deal. I got one just the other day, which was postmarked from Nelsen on March 23. Obviously, he still has hopes of getting this movement going. On the other hand, we have not yet seen any real evidence of success on his part, outside of plans.

# NATIONALIST PARTY BULLETIN

Vol. I, No. 1

Official Publication of the Nationalist Party of the U.S.A., New York City

July 1, 1955

## A Message of Interest, I Believe, to the "Little Jews"

## POLITICAL STRATEGY FOR THE NATIONALIST PARTY

STATE OF NEW YORK  
COUNTY OF NEW YORK SS:

I, WEST HOOKER, being first duly sworn on oath, depose and say:

That I am the President of Film Research, Inc., 224 East 38th Street, New York City, and that our work frequently is in the research specialist field. One of the research jobs that we have been conducting is to investigate certain activities of the Anti-Defamation League of B'nai B'rith and its activities in promoting so-called "anti-Semitic" organizations — presumably for the purposes of scaring some of the Jewish masses into contributing funds to "fight" such so-called anti-Semitic activity.

That I have also been in the process of forming the Nationalist Party of the U. S. A. and I hereby wish to disclose how the Anti-Defamation League and one of its top agents, one Sanford Griffith, alias Al Scheffer, attempted to get me and my Nationalist Party organization to "fit in" with this ADL agent's prescribed formula for his successful operations and campaigning:

First, Mr. Scheffer contacted one Frederick Charles Weiss, whom I have known slightly for a year or so, to see if I would be amenable to meeting with Sanford Griffith, alias Al Scheffer, and him (Weiss) for a "conference". Before and during this investigation I pre-informed the proper authorities of my desire to investigate just "how it's done" so there would be no doubt as to my sincerity in this investigation. I therefore accepted Mr. Weiss' invitation to a luncheon meeting with "Scheffer" and Weiss. Incidentally, Frederick Charles Weiss has been and is attacked by the same ADL Gestapo as being a "Nazi" propagandist. The ADL super agent, Sanford Griffith, had no compunction as to sitting down and having lunch with Weiss, his "enemy", and myself:

We do not wish to form a third party in the sense that phrase implies to most people — which is, in short, the idea that we wish to build another party like the Republican or the Democratic parties. Such a "third party" would undoubtedly split the strength of the Republican Party and would result in the Democratic Party's candidates getting elected again; in many cases, this would mean that the *greater* of two evils would become elected instead of the *lesser* of two evils. No, we do not contemplate this kind of third party. Frankly, we have something else in mind — something which stands every chance of success.

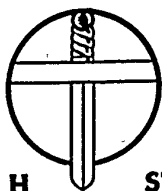

We wish to form a NATIONALIST PARTY which will operate in the opposite direction, but similar otherwise, to the Liberal Party. (In New York State, there are four "splinter" parties — all to the left of the Democratic Party. The Liberal Party is the largest of these.)

The Liberal Party uses its position to get *both* major parties to name candidates to their liking; for example, a Javits for Congress, a Newbold Morris for Mayor, a Lehman for Senator, a Harriman for Governor. When the Liberal Party is successful in getting, say, the Democratic Party, as in last year's election, to name a highly acceptable ticket from their point of view, the Liberal Party pays a price — a smaller vote on the Liberal Party line. But the Liberal Party vote is very often *smallest* when it comes *nearest to realizing a major purpose*. When the Liberal Party is NOT successful in getting the Democratic Party to name an acceptable ticket (from their point of view), as in 1952 when they named Cashmore for Senate, then the Liberal Party rolled up a handsome protest vote for an independent candidate, George Counts.

The secret of the Liberal Party's operation is that it prefers to elect men that stand for its point of view to public office in a *coalition* (by the Liberal Party endorsing their "favorite" of the other major party

## **A MESSAGE OF INTEREST, I BELIEVE, TO THE "LITTLE JEWS"**

Continuing from page 1

In the course of the conversation it was brought out that Mr. Scheffer would see to it that I got lots of "publicity" for my Nationalist Party movement . . . IF I would put a few things in the platform of the Party such as the "abolition of parliamentary government". For this little item in the platform, "Scheffer" would see to it that I got a "lot of unfavorable publicity" which would be designed, however, to build me up as a "big man". Frederick Charles Weiss pretended to me, previous to the meeting, that "Scheffer" would cooperate completely with him (Weiss) because he (Weiss) and "Scheffer" had been working together for some time and that Weiss helped supply "Scheffer" with so-called "threatening personalities", so that "Scheffer" could get a big allocation of money to "fight" these same "threatening personalities". Weiss stated that he would thereby be "using" Scheffer for the "cause". As I said, I pretended to go along with the whole thing just to see how it was done. I am therefore willing now to take the stand to testify that such a meeting did actually take place and that I have undisclosed evidence to substantiate the fact that this meeting did take place as outlined above. I will produce said evidence to the proper authorities.

In order to be perfectly fair to Weiss, I cannot say for sure at this point whether Weiss is consciously and actively working with the ADL as a paid agent and that this is merely his "line", or whether he really believes in his "line" and is being "used" by Al Scheffer of the ADL.

I am positive, however, that Scheffer is fully aware of what he is doing, of course, which is that he was trying to get me to be a new but *cooperating* "scare personality" for the furtherance and continuation of the Anti-Defamation League's un-American communist aiding activities, and "use" me to "scare" the Jewish masses into financial contributions to the ADL, so that they (this chosen professional Jewish elite) *can* keep financed their smear, pressure, and Gestapo spy system — which in turn is one source of their "secret power" and "vote control" over "Little Jews" and Christians alike. And finally, to top it all off, this self-perpetuating muscle arm of the "chosen Jewish Elite" gets "tax-deductable" status from the U. S. Government — under the fantastic claim that it is a *religious* defense organization.

Subsequently, or while this conference was going on, or previous to it — I don't know exactly when — Al Scheffer was the main contributor for a smear attack on me in the center spread of the February issue of the ADL bulletin. (see answer to this attack addressed to Mr. Roebuck, elsewhere in this bulletin.) Since this "conference", Mr. "Scheffer", or Griffith, has called my office a number of times for further conferences, but I have been unavailable.

March 15, 1955

Mr. Mark Roebuck  
1804 Shore Boulevard  
Brooklyn 24, New York

Dear Mr. Roebuck:

Thank you for your letter of March 11th, and contents noted. Incidentally, you dated your letter March 11, 1953, but I am sure you meant 1955.

You mention that you have just finished reading "The Case of the Charming Bigot" in the ADL Bulletin and that it seems unbelievable to you "that a young man with a fine background of both family and education could possibly lend himself to a program of anti-Semitism."

I am sure you mean well in your letter and that you are a very sincere person, and I therefore want to answer your letter just as sincerely. If in my "rebuttal" my writing takes on a testy tone, I assure you I don't mean it that way, I am truly trying to give a conscientious rebuttal to your statements.

First then, I want to ask you a question. Did it ever occur to you that perhaps the ADL Bulletin could be referring to me incorrectly when they say I am "Anti-Semitic"? In the current Arab versus Israel issue, I tend to side with the Arabs, who are, of course, Semites. I would then tend to be "pro-Semitic", and those people that go by the name of "Israelites" would be the ones that would be "anti-Semitic".

You are perhaps now saying to yourself: "Well, you know what they mean - their use of the term 'anti-Semitic' means 'anti-Jewish'."

My next question to you is: "Do you think it's an accident that the word 'anti-Semitic' is used instead of the word 'anti-Jewish'?" I will answer my own question and assure you that it is really no accident at all that the word 'anti-Semitic' is used in place of the word 'anti-Jewish'. And sometime I hope I have the opportunity of explaining it to you if you don't already know. The explanation, however, is a little too extensive for the confines of this letter, but perhaps we can meet sometime and go into it more thoroughly.

In another part of your letter you mention, "Our country has progressed because of our democratic way of life." Technically speaking, we have not progressed because of our *democratic* way of life, but because of our *republican* way of life. The word "democracy"

does not appear anywhere in our Declaration of Independence nor in our Constitution. In fact, our Founding Fathers were very careful and explicit to avoid a "democracy" and to set up a "republic". The word "democracy" comes from the word "demos", which means "mob". And the "-cracy" part means "rule", and therefore the word in its entirety refers to mob rule. Our Founding Fathers were very careful, as I say, to avoid a democracy then. They set up a system where "the people" elected local officials or "electors" - whom presumably they knew, at least slightly, in those days, and then in turn the electors elected from their own numbers the President, etc. In this way the Founding Fathers put one step in between the direct election from the people up to the President. In this way then they intended to avoid a democracy, and by definition, therefore set up a republic.

I would agree with you, however, that since that time certain forces have brought about a change - somewhat away from a republic to more or less of a democracy - what with the 17th Amendment and other things.

In another part of your letter, you ask the question: "Merely because our religious beliefs vary, does it mean that I would do harm to my country any more than you?" You also say "When we are born, regardless of race, color or creed, we receive love, not hate."

Let's take your words "race, color and creed" and break them down. Race and color are determined by God, and so no one could possibly control what race or color he is - obviously. But why do you, and some others - in fact, the current propaganda trend is to always couple race and color with "creed": This, of course, is wholly incorrect because the word "creed" refers to what people believe in. And what people believe in is determined by the persons themselves, not by God. In fact, God allows one to choose his own belief or religion or creed, and therefore in that sense it is not comparable in any way with race or color - which we have absolutely no power to change whether we wanted to or not. But we do have the power to change our "creed", as I have already stated. Granted, no one should be against anyone because of their race or color. But it is perfectly all right to be against someone because of his creed - assuming that the creed is an obnoxious or unattractive or dangerous one, or an evil satanic one.

In all the public information media we hear over and over, "We must be tolerant of everyone, no matter what their race, color, or *creed*." What if one's creed

is, let's say, communism. Or let's say somebody else's creed is, for example, worshipping the devil. Or again let's say somebody's creed is to kill every first-born child and offer it up to some god who is the head of that creed. Should we all then be forced to tolerate such a creed? Of course not. But nevertheless, thundering across the nation from everywhere we hear "We are against no one because of his race, color or creed." Even Fulton Sheehan at the end of his television program shows a card with words to the effect that "we are against no one because of his race, color or creed." If someone's creed is communism then, we are to assume that Bishop Sheehan wants us to love, or tolerate communism?

Yes, my friend, strange things are happening in our land today, especially in the field of propaganda, and it is these "strange things" that I am directing my energies toward — to discover what's behind them and why our people are being misled so much.

And now to answer your other question. "If our religious beliefs vary, does it mean that I would do harm to my country any more than you?" The answer to that question depends upon what *your* creed is and what *my* creed is. All creeds then should be examined as to their content, and then we should see whether they could be tolerated or not.

My "creed" is "Christianity". Christians can tolerate any creed — non-Christian, or what have you — *as long as it is not anti-Christian*. For example, Islam and Christianity can get along well enough together side by side, as neither can be truly said to be "anti" the other, and both are "anti the devil" or evil. Our Lord taught us only to hate evil, and to love all else.

And so as to whether you would do harm to our country any more than I would, even though our "creeds" might vary — the only thing that I can say in order to answer that question would be to ask you what your creed is? You didn't tell me what your creed was in your letter, but if I assume that your creed means no harm to our country and means no harm to Christianity, which is by far the majority creed in this country, — then there would be no reason for us not to get along, even though our creeds might vary — as long as they don't vary in the manner described herein.

My creed, that of Christianity, is open for everyone to see. We have a Bible, which is the largest seller in the world. Our Bibles are almost everywhere — in hotels, etc. However, I must confess that there have been some attempts by some persons of another "creed" to prevent the distribution of these bibles in certain areas in our country.

Generally speaking, there are only two creeds in the United States of America — that is, with any number of people — and they are "Christianity" and "Judaism". Since you didn't specify, I am going to take the liberty of assuming that your creed is that known as "Judaism" — since you said our creeds varied. If your creed of Judaism is not anti-Christian, and is anti-evil, then I see no reason why we should have any trouble getting along together in our country, but first, would you tell me something about your creed, if it is

Judaism? As I said, we Christians have millions of Bibles available in stores throughout the world. And as I also said, it is the best seller on the book lists every year, year after year. And so anyone can find out about Christianity by reading the Bible.

But what do we read if we want to find out about Judaism? I haven't been able to find any Jewish Bible. I have never seen any sold anywhere. In fact, I daresay most Christians don't even know what Judaism stands for. How can the Jews even know what it stands for if they don't sell a Jewish Bible or hand it out in some manner or other — so that we can all study it.

I read something about Judaism in the June 17, 1952 issue of LOOK magazine. Therein, one Rabbi Kertzer, Director of Inter-Religious Activities of the American Jewish Committee, stated that the creed of Judaism was as outlined in the 63 volumes of the Talmud, and that the Talmud was the textbook used in the training of Rabbis. Does one have to be a Rabbi to read the Talmud? Why isn't it available for everyone to read? Have you ever read the Talmud? How many Jews would you say read the Talmud? I don't see how anyone could read the Talmud — it's so difficult to get hold of. After I searched and searched, and saw it was almost impossible to obtain one, my curiosity was really provoked, and I was determined to find out something about the Talmud.

After searching for awhile, I learned some strange things. I found, for example, that most of the Talmuds there were (and there are not many available), but those that are, are mostly written in Hebrew, and that very few people can read Hebrew. Then I learned that about 1935 or 1936 the 63 volumes in Hebrew were translated into English, and in the process were reduced to about 36 volumes. These English versions are also extremely difficult to obtain — which seems strange to me, a Christian, used to having our Christian Bible in almost every room of the house, and sold everywhere.

Finally, however, I was able to get a look at the English translation of the Talmud, and frankly, my friend, I was truly shocked at what I read.

For example, I read something like this: Do not strike a Christian because there are many more Christians than you, and if the Christians retaliated in kind, you would be destroyed. BUT, if you see a Christian drowning and no one else sees or knows that you are watching him drown — then, according to the Talmud, it says you are to let the Christian drown.

You can well understand, Mr. Roebuck, how amazed I was at finding this in the Talmud. And then I read something else that shocked me even more. The Talmud said that it was all right to have a counterfeit conversion to Christianity if the purpose was to deceive Christians. And at this point you could have blown me over with a feather, Mr. Roebuck.

And then, reading on further, I came across a section which said something to the effect that even the best of the Christians should be killed, and in time of war the good among the Christians are to be killed. And I read further that a high place in Heaven was arranged for those who kill Christians.

After all, Mr. Roebuck, you wouldn't expect me to turn the other cheek to this kind of thing, would you? Am I to tolerate those who believe in this? Perhaps you don't know that these things are in the Talmud, and that these things are part of your creed. If this isn't your creed, Mr. Roebuck, I should think that you Jews would remove these things from your Talmud. If you can't do that, I should think you would find another creed. Do you suppose Fulton Sheehan wants me to tolerate this kind of thing? Of course he does not, but who makes him put at the end of his program words to the effect that he and we are not against anyone because of their race, color, or their creed — no matter what their creed is?

Mr. Roebuck, when I studied more and more about Judaism, I learned that the word "Judaism" was a replacement for the word "Phariseism" and "Talmudism". I later discovered the reason for these word changes, which again is too extensive to go into in this letter. But again, like the use of the words "Semite" and "Semitic" when you mean "Jewish" — it all has to do with propaganda to deceive both Christians and many, many Jews too, I believe. I *know* that about 99% of the Christians don't know what is in the Talmud. I am also beginning to believe that a large percentage of Jews don't know what is in the Talmud either. But these masses of Jews are told to go along with it, nevertheless — and to fight for it, love it and defend it, even though they don't know what's in it. But enough of this; back to the main point.

As I studied further, I learned that your Rabbis say that "Judaism" is just another word for "Phariseism" and that the philosophy or creed of both is the same and is outlined in the Talmud. Your Rabbis also state that not one word of this creed or the writing in the Talmud has been changed since the time of Jesus Christ. Our Bible is very clear on what Jesus thought of the Pharisees. As a matter of fact, he picked up a scourge and went into the Temple, and "drove out the scribes, the Pharisees and the money-changers". He beat them with the scourge (which is another word for the bull-whip) and over-turned their tables, etc. Jesus appeared to be outnumbered when he did this, so he must have been a pretty big, rugged and brave fellow, wouldn't you think? He must have had a lot of courage, or "guts", as we say today, mustn't he?

And since my childhood, like other Christians, I have been taught that the best thing we can do in life is to imitate Jesus and be as much like him as we can. Well, I am trying to do that, Mr. Roebuck. In other words, I am certainly against the Pharisees of today. I admit it's kind of hard to figure out who the Pharisees are of today — but it appears that most of the Pharisees of today are members of the faith or creed called "Judaism". It doesn't necessarily follow, however, that all those people that call themselves Jews are Pharisees. I certainly wouldn't think it would be fair to call them Pharisees — or all of them — if a lot of them don't even know what Judaism is, or that it is another word for Phariseism.

Let's say, for example, that you are a "Jew" but that you didn't know about some of these things I have mentioned in this letter, and that therefore

you wouldn't be a true believer in "Phariseism". As I say, if you didn't know these things, I think it would be grossly unfair for me to be *anti*-you. But if you *did* know them, you could hardly blame me for being *anti*-you, could you?

Jesus ended up by being crucified by the Pharisees, and as a result of the Pharisees. But the Pharisees, being very clever, got a few of the Roman "Dupes" to help them crucify Jesus. The "Dupes", at least later regretted their actions, repented, and became Christians. But the Pharisees secretly sneaked away and were very proud of what they had done. And according to the Rabbis of today they have not changed one word of their ideology or creed, even today, and are continuing just as before.

This doesn't sound too good to me, Mr. Roebuck, because if I keep on trying to imitate Jesus Christ, I will probably end up getting "crucified" just like he did. Don't misunderstand me — I am no Jesus Christ — I just said I was trying to imitate him, in a very small way.

But frankly, Mr. Roebuck, among other things which I don't have that he had, I also don't have the "guts" that he had, either. In other words, I don't want to die before my time, but I certainly — and you can put this down most emphatically — I certainly have got the guts to withstand the barrage of smear attack that "the Jews" or Pharisees are putting up against me in the ADL Bulletin, and from there to be carried out elsewhere.

As a matter of fact, to be perfectly frank, what I am trying to do is to gather together or rejuvenate some more Christians and try to help them get a little more "guts" so that they would be a little more willing to live up to their Christian faith and try to imitate Jesus Christ a little more, and start cleaning out the Pharisees from among our people. In our history, Mr. Roebuck, we have had other people with quite a lot of "guts". For example, King Edward I of England in the year 1290 A. D. banished all the Pharisees and Talmudists from the land; and the Pharisees didn't come back to England until about the year 1613 when some of the Pharisees financed Cromwell, and Cromwell took over England. In the 1300 and 1400's, Holland, Spain, France, and other countries banished all of their Pharisees, too, but again the Pharisees returned to these countries also. As a matter of fact, these Pharisees now seem to have control of the very core of the banking systems, and as a result, the educational and public-opinion-forming media, propaganda and Government agencies — and are proceeding to make it a little difficult to get along well for those true *but few* Christians who are still trying to imitate Jesus Christ.

It seems that these same Pharisees and their "Dupes" have a stranglehold on our own money and banking system in the U. S. A., have a hand in the great foundations, and thereby influence education, science, "knowledge", and history, — and are steadily channeling true Christianity into a sort of false hubbub of brotherhood which even tolerates *anti*-Christianity. (Imagine that: A Christianity that tolerates *anti*-Christianity!)

## SO TRUE, SUZANNE SILVERCRUIS STEVENSON --- BUT:

We were very interested in your letter to the Editor of the American Mercury, April 1955; and thought you made a lot of sense when you said:

"It is a tragic situation when millions of patriotic Americans have no way to express their patriotic beliefs except by negation — that is by either voting against someone or not voting at all . . . ."

"It is nearly as tragic as that of a totalitarian state where under the guise of so-called elections the voters can vote for only one party . . ."

"Here under a system of free elections, the electorate supposedly can choose a party, but in fact, the voters are given no choice at all, because there is little difference between the aims of either party as they stand today."

We also agreed with you when you said:

"There are still millions of Americans who do not admire middle of the roaders, straddlers, or jellyfish leaders."

We still agree with you when you said:

"Yes, there was a time when we had fearless patriots, strong and wise statesmen, and daring politicians . . . ."

"Today there are plenty of critics of the present situation; there are many who repeatedly point out the dangers of our present trend toward socialism and internationalism. But where are those willing to sacrifice a career, a political office, and even a good name, to stand for a belief and to lead our people out of this impasse? . . . ."

And so, Mr. Roebuck, my creed is *true* Christianity, (not the devared kind), the rugged, Jesus Christ, *anti*-Pharisee kind of Christianity, and even though, as you say, "maybe our creeds may vary", there is no reason why either you or I should "do harm to our country" — that is, as I say, as long as you are not a Pharisee. And if you are a Pharisee (which I do not believe you are), then you've got a battle on your hands with me and a lot of other Christians, once they wake up.

The Pharisees probably will figure that they will win; as a Christian, however, I *believe* that we true Christians will win.

Some other time I should like to discuss with you how these various creeds affect our Governmental politics, segregation versus assimilation, nationalism versus internationalism; and in any event, how nice it would be, if we could both be on the same side — that is, good versus evil, Christ versus anti-Christ, segregation and natural assimilation versus forced integration and forced assimilation and other things.

Best regards, and good wishes.

Sincerely yours,

WEST HOOKER

"Who are the patriots of today worthy of the patriots of the past, willing to risk their position and reputation to finally advocate a *new political party*, free of *Marxist* entanglements, and give to millions of voters their pride in voting once again for something?"

And then you go on to say:

"This is our last chance. May God help us and give us some Americans, *proud, strong and politically courageous*, who can lead us and give us what Americans have always believed in."

And that was the end of your letter, Miss Stevenson.

And now, here comes the *BUT*:

Everything you said was wonderful, Miss Stevenson, and we agree heartily with you. *BUT*, without offending you — and sincerely, we don't mean to — you did not go quite far enough in your letter.

For example, when you ask the hypothetical question in your letter: "Where are those willing to sacrifice a career and even a good name to stand for a belief and to lead our people out of this impasse?", you do not realize that they *are all around you*, but that people like *YOU* won't let them be recognized and come to the forefront.

Take, for example, that time that you, along with some others, joined forces to set up the Constitution Party. There were some mighty fine real patriots in that group, and then there were some people like you that didn't *recognize* these true patriots. And so, what happened?

*YOU* ran over to Rabbi Schultz' office and had a little conference with him, and after the conference you came out and made a public statement to the nation's press, and said that the use of the word "Christian" in the platform of the Constitution Party sounded like "anti-Semitism", and that *YOU* didn't want to have anything more to do with those "anti-Semites". And so you denounced the Constitution Party and publicly resigned from it.

Those people you called "anti-Semites" are the real patriots you were asking for in your letter to the American Mercury, Miss Stevenson. Those people you called "anti-Semites" are the "proud, strong and politically courageous leaders" you are asking for, Miss Stevenson. Those "anti-Semites" are the ones who are "willing to sacrifice their careers and even their good names to stand for a belief, and to lead our people out of this impasse" — just like you said in your wonderful letter.

But you, Miss Stevenson (and there are many like you) prevent these potential leaders — that can really lead — from being recognized. You blast them and denounce them — — — perhaps because *you* are not willing to risk *your* position and *your* reputation, and perhaps, because *you* are not willing to sacrifice *your* career, or *your* "good name". But, please, why

## POLITICAL STRATEGY FOR THE NATIONALIST PARTY

Continuing from page 1

candidates), KNOWING FULL WELL THAT THIS MEANS A GREATLY DIMINISHED LIBERAL PARTY VOTE — rather than see *men*, they don't like elected to office with the Liberal Party rolling up a big protest vote.

In other words, the men closest to the Liberal Party point of view get their own major party's vote power, plus the Liberal Party's balance of power votes, and thus get elected! The people behind the Liberal Party are smart enough to see the advantage of their kind of man getting into office — even under another party label — rather than having their egos tickled by rolling up a big protest vote for their own Party candidate — but who never gets elected.

The people behind the Liberal Party are now in such a strong position through this technique that they can go to the "smoke-filled rooms" before the major party candidates are selected, and have the major parties (usually the Democrats in New York State) fall all over themselves trying to put up candidates to the Liberal Party's liking. In other words, the *left wing* men get elected — under the Democratic or Republican banner, instead of the Liberal banner. But the people behind the Liberal Party have political brains enough not to be concerned about such unimportant technicalities as to HOW it's done — they're interested in results!

But our "conservative" right wing Republicans and Democrats don't seem to be able to grasp this technique; they just huddle around at "rallies" and say "Ain't it awful?"

The NATIONALIST PARTY should operate similarly to the Liberal Party, only in REVERSE! We should make full use of our political following, no matter how small it is, and build it into the balance of power toward the right wing side.

Example: In New York State, this would be particularly easy to do because there is a huge group of right wing voters available that register but who are so sick of voting for the lesser of two evils that they don't bother to come out to vote. In other words, this right wing voters' strike could be brought out and made use of via a small appendix party type of operation such as we envision for the vigorous new NATIONALIST PARTY.

In time, the NATIONALIST PARTY organizers would be able to have a strong influence on the major parties' selection of candidates. Whenever both major parties put up unacceptable or "weak" candidates, the NATIONALIST PARTY could run a protest candidate of its own to pull away the upper New York State "right wing" votes. After a few occurrences of this kind, wherein, let's say, the (Democratic) candidate goes in and the protest vote of the NATIONALIST PARTY could have been the balance of power — then the next time the (Republican) leaders will pay more attention to the desires of the NATIONALIST PARTY.

If the NATIONALIST PARTY attempted to be a typical third-party and named its own candidates only, its dogma would go unsullied but one good nationalist after another would go down to defeat!

On the other hand, the new NATIONALIST PARTY could "conform" with the other parties, and would soon DISAPPEAR. That's been our trouble all along! Many of our older "conservative" leaders have become "paralyzed with conformity" (and that's why U. S. NATIONALISM has all but disappeared in U. S. politics). Now is the time to change all that!

And so we U. S. NATIONALISTS are going to fight to bring back our traditional nationalism and/or start and create a new, vigorous rebirth of U. S. NATIONALISM by joining together to DO something about it instead of just "crying and wringing our hands". That is why we are forming the NEW VIGOROUS NATIONALIST PARTY!

Therefore, we of the NATIONALIST PARTY especially appeal to the rank and file, and the "Young in Heart". We appeal to the youth who dare to be DIFFERENT, who dare to believe deeply, who will fight FOR America — BUT this time will clean out America's internal enemies FIRST before we're sent to another foreign shore.

We've at last learned through the bitter experience of being sent overseas to destroy our friends, the German people on the one hand, and of waging a war in Korea our own generals weren't allowed to win, on the other — that until we defeat our own internal enemy, we can't and shouldn't try to save the rest of the world! And that INTERNAL enemy is still in our midst! They haven't dropped dead or gone over to Russia or China. They're still HERE! But they think they can make suckers out of us AGAIN and AGAIN and AGAIN! And so they want us to look for the enemy OVER THERE! Get it? OVER THERE — not HERE — but OVER THERE! Russian "communism", Chinese "communism" — any kind of "communism" — just so it's OVER THERE "communism".

But we NATIONALISTS — we want to get the "communists" HERE — the ones who built up and financed "communism" OVER THERE!

Yes, we want the NATIONALIST PARTY to provide a political home for hundreds of mature NATIONALIST activists, and thousands of NATIONALIST voters — to do a job HERE first — before we get suckered in again — OVER THERE!

(The foregoing is an excerpt from a talk given by West Hooker at a NATIONALIST PARTY meeting, Midston House, 22 East 38th Street, New York City, on January 7, 1955.)

N. B.: At present, the American political "system" (contrary to our Founding Fathers' intentions) — awards the entire number of electoral votes to the "winner", and the "loser" gets no electoral votes at all. When/if this system is changed by the Coudert Amendment wherein the electoral votes are allotted proportionally as to the citizens' votes — then the NATIONALIST PARTY might shift its strategy, and run its own candidates most of the time — as is done in Germany and some other countries. But until that time comes — and the "hidden force" that's IN doesn't appear to want it to ever come — we NATIONALISTS can only resort to the Balance of Power Vote Bargaining Technique — which has been used so successfully by the so-called "Liberal" Party strategists.

## SO TRUE,

### SUZANNE SILVERCRUIS STEVENSON - BUT:

Continued from page 6

should you stand in the way of *their* "true beliefs" and try to hinder them from "leading our people out of this impasse" (to use your own words)?

You see, you can still get an audience, Miss Stevenson, and you can get in *The American Mercury*. But we Nationalists, we true patriots of today that *are* worthy of the patriots of the past — we who are willing to risk our positions and our reputations and our good names for our country — and are willing, as you say, to advocate a new political party — we just wish you would help us to the extent of not publicly stabbing us and denouncing us so that we cannot even get started to lead this country back where it should be. We can't even get a public hall to speak in! And we certainly aren't invited to make speeches at the Alliance meetings! We cannot even get "in" *the American Mercury*. Certain forces won't let us write there — because we have been blasted with the term "anti-Semitic".

Now you folks have had your chance! Are you getting anywhere? Are you making progress? Please, don't you think it is now about time to give the really fearless patriots a chance? Give *us* a chance on the platform, along with your Kohlbergs, your Rabbi Schultzes, your Budenzes, and Bella Dodds, George Sokolskys, and your Victor Laskys, your De Toladonos, your Eugene Lyonses, your J. Anthony Marcuses, your Howard Rushmores, your George Fielding Elliots, and all those people who over and over and over write for *The American Mercury*, and also who are

affiliated with the "American Jewish Leagues" — against Communism, etc.

We are members of the "American *Christian* Leagues" — also against communism! But alas, Miss Stevenson, *you* hold us back because you, and people like you, are *afraid* of that smear word, "anti-Semitic".

But who has termed us "anti-Semitic", Miss Stevenson? You guessed it — the "American Jewish Leagues" — against communism, and also the "American Jewish Leagues" — *for* communism — they've *both* termed us "anti-Semitic". Does that ring a bell, Miss Stevenson?

And now back to *your own words*:

"Here under a system of free elections, the electorate *supposedly* can choose a party, but in fact, the voters are given *no choice at all*, because there is little difference between the aims of either party as they stand today."

The NATIONALIST PARTY — a PROTEST Party — making use of the *Balance of Power Vote Bargaining Technique* — can give you the "choice" you ask for, Miss Stevenson — IF YOU WILL LIVE UP TO YOUR OWN WORDS AND ACTUALLY JOIN WITH AND SUPPORT THOSE "millions of Americans who do not admire middle of the roaders, straddlers, or jelly-fish leaders".

*We* are strong, *we* are fearless, *we* are daring, *we* are willing to risk our positions and reputations to advocate a new type political party that's REALLY different than those you've already got. And we can *lead*, too, Miss Stevenson — IF you and your "jelly-fish leaders" will give us a chance!

From: Administrative Staff

Re: Internal Communist Danger and Conspiracy  
Subject: AMERICAN NATIONALISM

THE REALPOLITICAL INSTITUTE recognizes the following:

- that the greatest threat of Communism is political and educational, and is within the continental limits of our United States of North America
- that this internal Communist danger has, through twenty-five years of treason, successfully captured much of the Democratic and Republican political organizations and leadership (either directly or indirectly) so as to neutralize our American power and prevent us from formulating an effective policy to counter external Communism and its armed might
- that this internal Communist conspiracy has as its final objectives the mongrelization (miscegenation) of our American Whitefolk and the destruction of our American Nation, which is the unique creation of our own American Whitefolk

THE REALPOLITICAL INSTITUTE presents the following:

- many American universities and colleges have produced confused and misguided graduates, some of whom are dedicated to the overthrow of our Republic
- many American universities and colleges are centers of Internationalisms, Pacifisms, Communisms, Liberalisms, and other alien doctrines devoted to the destruction of our Whiteman's way-of-life
- many American universities and colleges have lost contact with and have isolated themselves from the history, views, and aspirations of their Nation

THE REALPOLITICAL INSTITUTE will sponsor a positive type of political action whereby the struggle against internal subversion is taken directly to our own Whitefolk, whose minds have been drugged by motion pictures, radio, television, and the infiltrated press . . . the facts of treason hidden under an Anesthetic Curtain

A building will be purchased in the Chicago area and used as a community center where patriotic Whitemen can meet and discuss the crucial questions of the day

Vital political issues will be dramatically presented through programs by loyal American Nationalist leaders, speakers, and entertainers

**WHITEMAN AWAKE — THE HOUR IS LATE**

## REALPOLITICAL PROGRAM

- immediate discharge of all alien non-Whites, members of the disloyal Jewish Consensus, Internationalists, Pacifists, Communists, and Liberals from all local, State, and Federal Governments and the Armed Forces
- promotion of Whitefolk integrity through the complete and officially enforced segregation of all alien non-Whites in our midst
- elimination of the Nation-wide control of motion pictures, radio, television, and the press by Jewish Consensus gangsters through seizure by the Federal Government . . . this is necessary to end the twenty-five years of political subversion and treason by the disloyal Jewish Consensus
- elimination of the Nation-wide control of the liquor industry by Jewish Consensus criminals through independent State controls of liquor production and distribution
- elimination of the Nation-wide control of gambling by Jewish Consensus criminals through the establishment of independent State lotteries
- elimination of lawyers from all non-judicial offices in all local, State, and Federal Governments and replaced by professional economists, businessmen, engineers, and industrial and agricultural technicians
- Congress alone must exercise its Constitutional right to issue debt and interest free currency, based on work performed . . . goods produced and services rendered
- large-scale investment in heavy industry and power . . . financed, engineered, and managed by the Federal Government - cooperatives are to be encouraged through favorable Federal Government legislation
- creation of a permanent Federal 'TVA' Authority to develop water control, soil conservation, and reforestation programs
- creation of a permanent Federal Building Authority to rebuild the centers of our older cities and eliminate slum housing wherever it is found, in the rural areas as well as in the cities
- build-up of each States' National Guard Units through compulsory military service for all adult Whitemen within each States' jurisdiction
- building of Community Youth Centers by the Federal Government in every town and city of our Nation, and the installation of compulsory physical education programs for all Whitefolk youth

Disloyal Jewish Consensus  
Whiteman Survival

"Ever in History it is life and life only — race-quality, the triumph of the will-to-power — and not the victory of truths, discoveries, or money that signifies. To be 'in condition' is everything. It falls to us to live in the most trying times known to the history of a great Culture. The last race to keep its form, the last living tradition, the last leaders who have both at their back, will pass through and onward, victors."

— Oswald Spengler —

Dear Sir:

The REALPOLITICAL INSTITUTE is dedicated to the racial survival of the Whiteman, both here in our United States of North America and throughout the world.

This is a momentous era — what you think and do today in a political and social way will shape the next century. Now is the time for your direct participation in shaping the future — you will never have a better opportunity.

If for some good reason you do not want to meet us personally and personally participate in our activities, send us an anonymous contribution.

Won't you give us your support?

Dear Sir:

We want your support of our group because you are a member of the Whiteman's Managerial Elite which has been made politically ineffective by the disloyal Jewish Consensus. You as a manager have produced the technological advances upon which our civilization is based, but a conspiracy has prevented you from fulfilling your political destiny as a Whiteman.

We have the answer to the Communist Manifesto. We work for an "implosion" . . . the internal release of the dynamic political energies of our own Whitefolk. We have our own revolutionary idea . . . the Whiteman's Managerial Revolution.

This is a personal opportunity for you to do something—will you give us your anonymous support? We shall be happy to meet you personally, here in Chicago, if you so desire. Write us today—the safety of your family and your future and perhaps your very life are at stake.

Administrative Staff.

Re: Disloyal Jewish Consensus  
Subject: Civil Rights for White American Citizens  
Date:

The REALPOLITICAL INSTITUTE, a research and policy formulation group of the Democratic Nationalist Party, presents a program of Democratic Nationalism . . .

1. Immediate protection of the local customs, traditions, and civil liberties of the Southern states, in accordance with established and accepted patterns of racial segregation.
2. Immediate adoption of Federal segregation legislation to reduce racial tension and prevent recurrent race riots in the Northern, Eastern, and Western states—practical, far-sighted measures must be taken to restore the racial self-respect and harmony which form the basis of genuine national welfare.
3. Immediate re-establishment of segregation in the U. S. Armed Forces, to restore the troop morale and combat efficiency so vital in the face of world-wide Communist aggression.
4. Creation of a National Repatriation Commission to encourage the voluntary emigration and resettlement of non-assimilable Whites and non-Whites through financial and economic assistance.

The REALPOLITICAL INSTITUTE represents 130 million White American Citizens prevented from any effective choice of candidates by the disloyal Jewish Consensus.\*

### **WHITEMAN AWAKE—THE HOUR IS LATE! OUR AMERICAN DESTINY**

It is our American destiny to bring about the unity of the Whiteman's World. The life-or-death threat of an aroused Asiatic world under the domination of Communism affords the challenge which will close the ranks of the Whiteman's World in an earth-shaking battle for survival.

We Whitemen of America can force world-history to take the pathway of our will—and thus carry forward our destiny—only by holding to those values which have elevated us to our present high place in history; chief among these values is the recognition that we must play our role not merely as so-called human beings but as Whitemen, deeply conscious of our American destiny.

The Whitemen of the coon-skin cap and long rifle, and the brave White warriors and womanfolk of the covered wagon days, who conquered and settled this great continent of ours, were but carrying forward a mighty destiny. Our American destiny is, in a very real sense, the entire Whiteman's destiny. It is our bound duty to carry it onward into the future.

In the days ahead, of heavy threats demanding heroic replies, our Whitefolk brothers and sisters of distant lands will look to us for leadership. The Whiteman of Australia, as he bravely stands at the most advanced western frontier of our White World, must know that we are with him. The Whiteman of South Africa, as he fights for survival in the very heart of the black world, must know that his destiny is a part of our destiny.

Our deep consciousness of being Whitemen and Whitewomen is as old and primitive as our hills. Forsake this precious bond and we will perish. With this thought in mind it is obvious that we cannot step from nation-consciousness to world-consciousness, overnight. Whatever supra-historical consciousness we are able to create in the future, our guiding influence in the lives of our American Whitefolk must be based upon, if it

battle for survival.

Geography and space must be pushed aside and the Whiteman must be viewed as a living and breathing biological and spiritual organism, composed as a great Whiteman's Community of individuals in agreement on the basic things, ever-expanding by procreation and the assimilation of those individuals capable and worthy of forming a part of us.

*"Ever in History it is life and life only — race-quality, the triumph of the will-to-power — and not the victory of truths, discoveries, or money that signifies. To be 'in condition' is everything. It falls to us to live in the most trying times known to the history of a great Culture. The last race to keep its form, the last living tradition, the last leaders who have both at their back, will pass through and onward, victors."*

— Oswald Spengler —

Dear Sir:

*f* The REALPOLITICAL INSTITUTE is dedicated to the racial survival of the Whiteman, both here in our United States of North America and throughout the world.

This is a momentous era — what you think and do today in a political and social way will shape the next century. Now is the time for your direct participation in shaping the future — you will never have a better opportunity.

If for some good reason you do not want to meet us personally and personally participate in our activities, send us an anonymous contribution.

Won't you give us your support? *X*

# WHO CARES?

## HANNIBAL ANTE PORTAS . . WHO CARES?!

The West now has entered the Era in which the end of the politics of Mind and Money draws near, as had been the case with every other Culture before the historyless phase began!

From here on, people will manage with the situation as it is . . . and the foreign powers that be! Even a Toynbee has to admit this—whether he likes it or not.

We shed torrents of blood that reddened the battlefields on which whites fought whites. Now, that we have spiritually at least annihilated each other, it is time that the Barbarian takes over. Meaning the man who inwardly does not belong to our Western Culture.

And so, it hardly surprises us when we now see our "Spirit-Lifters" mount the platform of our Statesmen of long ago; when they shout at our masses that they conceive from now on the Future of Man as a Highway on which Humanity will step along always in the same direction . . . and always with the philosophical platitudes of our One Worlders before its eyes! Or when they explain to their spellbound audiences how to "properly aim" at Universal Amalgamation of Humanity by first setting over here the good example of a radical fusing of the colored element with what there is left of the descendants of our white Pioneer stock!

"For, are not all men equal?" they will shout at us, exactly as the Jewish Consensus and the men in the Kremlin now do! Those two Arch-Provocateurs and slick Promoters of American De-Segregation, those two arch-enemies of a strong white America and a strong Western world; those "Big Two" Segregationists, whose peoples have forged and preserved over the millennia their inward unity, their SOUL, by observing the strictest possible segregation from any and every spiritual "contamination" from the outside.

We have now meekly sunk back into the same tame form of the Romans in Trajan's time when the Barbarian began to take over! When the proud Roman name in Hannibal's time meant a true people (just as our American name up to 1917 meant a true Nation), in Trajan's time it meant nothing more than a mass, a population. (Exactly what the American name means today to the rest of the world). For ever since we entered (with World War I) the era of our own tottering Trajans, our Red, Black, Yellow and Brown Brethern the world over, look down upon us as a thing of yesterday, an "easy mark" ripe to be taken over.

When late in 117 A.D., upon Trajan's return from Parthia (after completely disastrous wars for the Empire), the Jews in Mesopotamia massacred every Roman and Greek, this was the signal for a general uprising of all the Barbarians in the four corners of the vast Roman Empire - exactly as now the massacre of the Arabs by our "commis voyageurs" in Palestine clearly signals the uprising of the entire colored world against us! And again now, as formerly the Romans, our own white American people, long weakened in its race-impulse by the mass-intake of un-assimilable elements, no longer is able to weather the oncoming storm.

Throughout History, there always was a group of great peoples of identical cultural style. They formed States, carrying History and throughout the course of their evolu-

tion bore their fundamental form onward to a common goal. These Nations were usually most unlike amongst themselves. It is scarcely possible to conceive of a sharper contrast than that between Athenians and Spartans, Germans and French, etc. But the moment that a people alien to a particular Culture made an appearance in the field of History (as we witness it today in the appearance of all colored peoples under a Red Leadership against the Western Man) there always awoke in all the peoples belonging to the threatened Culture an overpowering feeling of spiritual relationship to each other. The notions of the Culture-Alien Barbarian was always clear cut! But not so today! Not only do we deliver whole Brother-Nations into the Orbit of the Barbarian, we go further. We arm the Barbarian! One hundred and seventy five thousand German technicians and specialists—the best in the world - we have forced into the Red Orbit! Ten thousand Chinese students we permit today to learn the metier at the technical High Schools and Universities of Eastern Germany! But that is not all. For now, November 2nd, 1955, our Vice-President proudly announced from Hershey, Pa. this country's break with our last remaining (half-independent) brother "nations" - the Anglo-French combine. He hailed this break as a "declaration of independence that has had an electrifying effect throughout the colored world"! Thus, the gates are now wide open in "God's Own Country", in this "Promised Land" of ours, in this Eldorado of the Mulatto! And so today we invite the Barbarian, now well entrenched within our "Fortress America", to join our ranks and by so doing take over our country - lock, stock and barrel! For not only do we lack the spiritual power, the Unity of Soul, to recast and to absorb spiritually and physically the Barbarian in our midst - above all - biologically we have no longer the slightest chance in relation to the prolific colored element either here or anywhere in the world.

And so well have we succeeded that the danger is now present everywhere in our Western World that all this babbling about Universal Brotherhood, all these marrowless, feminine "movements" and spirit-lifting campaigns of our One Worlders with their One-World-Religion, will be taken not only as a necessity, but for the necessity of the Time! Even architecture, painting and the "music" of our orchestra-acrobats - all this now has become a universally recognized artistic trade, and even "Weltanschauung" has become an artistic trade! And all this wants not only to be tolerated . . . it wants to rule; it calls itself "Progressive Americanism". . . it wants to ordain the future - a future that is already the past! And who among us dares to shout that these "Ideals" should be smashed to fragments and the louder the clatter, the better ? !

Hardness, Roman Hardness, is now beginning in the entire world, except here and in the lands of our white Trabants! For anything else there will be no longer any room. Soon we shall find this out!

To a Washington we Americans shall never again attain . . . but perhaps to a Genghis Khan!

At a time when the streaming horizons of stellar histories come closer and closer to Man, has Destiny now ordained that an ephemeral incident in the History of Humanity - that of our "American Way of Life" - has come to an end?

### **Delineation of the Nation**

1. We demand the union of all Whitemen of the North American continent into a common Folk Community.
2. Only members of our Whitefolk may be citizens of the Nation.
3. No Communist or Liberal may be a citizen of the Nation, because of advocacy of the mongrelization of our Whitefolk.
4. No Internationalist or Pacifist may be a citizen of the Nation, because of disloyalty to the Nation.

### **Folk Policy**

5. The Government shall promote Whitefolk integrity through the complete and officially enforced segregation of all non-Whites in the Nation.
6. We demand that all intermarriage between citizens of the Nation and non-Whites in the Nation be outlawed.
7. We demand the creation of a National Repatriation Commission to encourage the voluntary emigration and resettlement of non-assimilable Whites and non-Whites through financial and economic assistance.
8. Immigration shall be restricted to select Whitefolk from lands of ethnic consanguinity.

### **Civil Rights Policy**

9. All citizens of the Nation shall share equal duties and enjoy equal rights and privileges.
10. The right to vote on the Government and legislation of the Nation shall be the privilege of citizens of the Nation only.
11. Only citizens of the Nation may be candidates for public office, and be employed in departments and agencies of the national and local governments.
12. Only citizens of the Nation may engage in jurisprudence, and be eligible for court and jury duty.
13. Only citizens of the Nation may bear arms and serve as members of the armed forces of the Nation.
14. All persons engaged in activities of entertainment and educational and cultural expression must be citizens of the Nation.

### **Economic Policy**

15. The workers, farmers, industrial and agricultural technicians, engineers, managers, and businessmen, as citizens of the Nation, shall work together as a team and be represented by their own members in the Government — they will subordinate their individual and group interests to the greater interests of their Whitefolk as a whole.
16. The Government shall secure private enterprise by guaranteeing equality of economic opportunity at home and protecting investments abroad for all citizens of the Nation.
17. We demand a fair price for both producer and consumer, and the safeguarding of both against speculation and profiteering.
18. As science increases the power to produce, we demand that the purchasing power of the consumer be raised proportionately.
19. The Government shall alone exercise its constitutional right to issue debt- and interest-free currency, based on the national production of goods and renderance of services.

## 2.—UNIVERSAL LABEL

### Social Policy

20. The Government shall secure the unending improvement of the health and living conditions of the citizens of the Nation.
21. We demand the total elimination of flood and dust-bowl conditions under a long-range program to conserve, utilize, and develop the water, soil, forest, mineral, and nuclear resources of our North American continent.
22. We demand the development of proper recreational facilities for the White youth of the Nation, beginning with the establishment of youth centers in every community.
23. We demand the complete reorganization of our educational system, so that every individual citizen of the Nation is afforded full opportunity for self-expression, self-realization, and thorough integration into the life of his Folk Community.

### Foreign Policy

24. We demand that the sovereign interests of our Nation be secured by a return to firm and sound bilateral diplomacy.
25. A strong and effective system of national defense shall be created to meet any international eventuality.
26. We demand the formal incorporation of Canada, Alaska, Greenland, and the adjacent North Polar Regions into our Nation.

### Political Policy

27. We demand a reorganization of all governmental departments to eliminate duplication, waste, and corruption, and to insure efficiency, economy, and sound administration.
28. We demand the elimination of all ideology and influences from every phase of our political and cultural life which tend to cause the degeneration of our Folk Community and the disintegration of our Nation.
29. To realize all the foregoing essentials, we demand the creation of a strong Government, armed by our Folk with the power to act in effecting its united will.

If our buildings, our highways, and our railroads should be wrecked, we could rebuild them. If our cities should be destroyed, out of the very ruins we could erect newer and greater ones. Even if our armed might should be crushed, we could rear sons who would redeem our power. But if the blood of our Whitefolk should become corrupted and mingled with the blood of non-Whites, then the present greatness of our Nation would be gone forever. The maintenance of our American civilization would be as impossible for a non-White America as would the redemption and restoration of the Whiteman's blood which has been mixed with that of the non-White.

Out of the chaos and crisis of modern society emerges a dynamic, revolutionary idea with a positive approach towards the creation of a new national order. Against the subversive doctrines of the Left, we offer DEMOCRATIC NATIONALISM, with its unique, yet fundamental outlook on contemporary national and world affairs.

It proposes rather to mobilize our Folk in Revolutionary Unity for total political struggle. Our will-to-power becomes the expression of our Whitefolk's will-to-live.

DEMOCRATIC NATIONALISM challenges our Whitefolk to fulfill a mission, to march forward in the opening of new frontiers. If our buildings, our highways, and our railroads should be wrecked, we could rebuild them. If our cities should be destroyed, out of the very ruins we could erect newer and greater ones. Even if our armed might should be crushed, we could rear sons who would redeem our power. But if the blood of our Whitefolk should become corrupted and mingled with the blood of non Whites, then the present greatness of our Nation would be gone forever. The maintenance of our American civilization would be as impossible for a non-White America as would the redemption and restoration of the Whiteman's blood which has been mixed with that of the non-White.

## THOMAS JEFFERSON

"Nothing is more certainly written in the book of fate than that these (negro) people are to be free; nor is it less certain that the two races, equally free, cannot live in the same government. Nature, habit, opinion have drawn indelible lines of distinction between them. It is still in our power to direct the process of emancipation and deportation, peaceably, and in such slow degree, as that the evil will wear off insensibly, and their place be, *pari passu*, filled up by free white laborers. If, on the contrary, it is left to force itself on, human nature must shudder at the prospect held up. We should in vain look for an example in the Spanish deportation or deletion of the Moors. This precedent would fall far short of our case." —Page 164, *Life Writings and Opinions of Thomas Jefferson* By B. L. Rayner. Pub. N. Y. 1832 Library of Congress Class "E332". Book "826."

## ABRAHAM LINCOLN

"I will say, then, that I am not, nor ever have been, in favor of bringing about in any way the social and political equality of the white and black races; that I am not, nor ever have been, in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people, and I will say in addition to this that there is a physical difference between the white and black races which I believe will forever forbid the two races living together on terms of social and political equality and inasmuch as they cannot so live, while they do remain together there must be the position of superior and inferior, and I, as much as any other man, am in favor of having the superior position assigned to the white race." —Pages 145 146, Vol. 3, *Collected Works of Abraham Lincoln*. # ONE FOLK - ONE IDEA - ONE NATION

Out of the chaos and crisis of modern society emerges a dynamic, revolutionary idea with a positive approach towards the creation of a new national order. Against the subversive doctrines of the Left, we offer DEMOCRATIC NATIONALISM, with its unique, yet fundamental outlook on contemporary national and world affairs.

DEMOCRATIC NATIONALISM is an integral philosophy which embraces and revolutionizes in folk terms every aspect of American life — political, social, economic, and cultural. Its idea is a basic design for the physical preservation and the moral and material elevation of the Whitefolk of North America.

DEMOCRATIC NATIONALISM challenges our Whitefolk to fulfill a mission, to march forward in the opening of new frontiers. It encourages our Folk to work for a national moral reawakening in order to build a Whitefolk Community, bound together by a deep spiritual consciousness of a common past and a determination to share a common future.

The REALPOLITICAL INSTITUTE is the practical instrument for the realization of the DEMOCRATIC NATIONALIST philosophy. The REALPOLITICAL INSTITUTE does not propose to leave the vital interests of our Whitefolk to the whim of chance and the will of subversive elements in our midst. It proposes rather to mobilize our Folk in Revolutionary Unity for total political struggle. Our will-to-power becomes the expression of our Whitefolk's will-to-live.

E. Mullins  
M. Nelsen**THE ATLANTA REPORT**

by

Eustace Mullins, State Chairman, Constitution Party of Illinois

One of the most shocking examples of judicial tyranny since Roosevelt tried to imprison 32 of his critics as "seditionists" is now taking place in Atlanta, Georgia. Five young anti-Communists have been arrested on a charge of dynamiting a Jewish synagogue. The only evidence against them is the fact that they were arrested on July 27 for picketing the leftwing newspaper, the Atlanta Constitution & Journal. Police found anti-Communist literature in their homes, and, for reasons we cannot understand, took this as conclusive evidence that the boys had committed the crime.

Police claim that the boys met on May 5 and plotted to blow up the synagogue on Oct. 12. No reason is advanced for the delay of five months, nor are there any reports of subsequent meetings or plottings. The youthful patriots were indicted by a grand jury headed by Robert C. Van Camp, music director of a radio station owned by the Atlanta newspaper which the boys were picketing. Thus we see the first strange coincidence.

More important, the boys are accused of being anti-Jewish, although we are not told what this implies, or how the statutes define it as a crime. If opposed to the machinations of Jewry, the boys have been singularly obliging in furnishing the national Jewish fund-raising drive with priceless ammunition. In fact, Irv Kupcinet, Jewish columnist of the Chicago Sun-Times, reported on Oct. 19, 1958, that Rabbi Jacob Rothschild, of the dynamited temple, had told the press, "We are in the midst of a fund-raising drive for the temple, and we're off with the biggest BANG in our history!"

The Atlanta press did not report this gleeful exclamation of Rabbi Rothschild, nor did it identify as a negro the scar-faced man who drove into an Atlanta filling station a few hours before the bombing and asked the way to the synagogue. Yet the Northern newspapers and radio reports identified this man as a negro. Authorities are making no effort to locate him.

Thus a pattern emerges. The Jewish temple is in the midst of a fund-raising drive; the Atlanta newspaper wishes revenge against the picketers, and an explosion takes place which is a combination fund-raising stunt and a circulation-building operation for a newspaper whose violent liberalism is despised by a large percentage of the community in which it is published.

More important, the national Jewish fund-raising drive which annually raises one hundred million dollars for its myriad network of espionage groups, the Anti-Defamation League of B'Nai B'Rith and a host of lesser groups, faces a \$25,000,000 deficit this year. Contributions dropped 15% last year, and Jewish leaders have been estimating a 25% drop this year. Recent editorials in the Jewish press have stressed the need to "wake up the Jewish community." Now Rabbi Rothschild reports that the fund-raising drive is "off with a BANG."

Would these youths meet on May 5 to plan to dynamite a synagogue in October during the fund-raising drive? Or would the Jewish leaders import a scar-faced negro to dynamite a small hole in the rear of the building (which is heavily insured), so that they could have an "issue" at a crucial moment in their campaign?

Lyle Stuart, a Jew whose real name is Simonson, and who publishes a newspaper called the Independent, (formerly Expose), at 225 Lafayette St., New York City, wrote a series of articles a few years ago exposing the fact that the Anti-Defamation League financed many of the so-called "anti-Jewish" figures in the United States. He printed documented stories and affidavits that those speaking or writing against Jewish subversion were receiving money from the ADL, either

indirectly, through ADL agents, or as employees of the ADL.

Among "anti-Jewish" activities financed by the ADL are: anti-Jewish speakers; newspapers and pamphlets attacking the Jews; paying young ruffians to beat Jewish children; paying youths to tip over gravestones in Jewish cemeteries; and paying thugs to smash windows, smear paint, and dynamite Jewish meeting-places.

Stuart took his case against the ADL to court and won. These activities have been common in the Jewish communities of the world for centuries, because the Jewish group life is built around a myth of persecution. The Jewish leaders, in order to maintain their iron rule over their communities (a classic example of Marxist Communism in practice) have always depended upon terrorism against their own people. The publicizing of these anti-Jewish acts enables the Jewish leaders to keep their people in a state of fear, so that they unhesitatingly obey these leaders, and contribute large sums to them.

We have only to remember that the head of the Spanish Inquisition, Torquemada, notorious for his tortures of Jews, was himself a Jew, and that the official in charge of the Nazi concentration camps was a Jew, Eichmann, who is now living quietly in Israel.

The damage done to the Atlanta synagogue, a hole in the rear wall, was so slight that police seeking the site of the explosion could not find it. The synagogue, a splendid building, shows no damage from the street. Yet Rabbi Rothschild immediately issued a statement that the damage of the building was \$200,000. Of course he did not mention that it was fully insured. Later estimates range below \$100,000, and one contractor said the rear wall could be replaced for \$4,000, but this will not prevent Rothschild from raising \$200,000 to pay for the damage, even though the insurance will pay it also. Much of the money will come from gentile businessmen, who dare not refuse the demands made upon them by the Jewish leaders.

Christian leaders and politicians, from Eisenhower on down, in bemoaning the dynamiting of the synagogue, in which no one was injured, make no reference to the 3,000 churches destroyed in Germany during the Jewish vendetta against that unfortunate nation during the Second World War, or the 287 churches and temples destroyed by a single Hell Bomb at Hiroshima, Japan. In most cases, these churches in Germany and Japan were filled with worshippers, helpless women and children, refugees from the terror unleashed against them by Jewish politicians in the United States and England.

The five anti-Communist youths in Atlanta may be railroaded to prison (they can be executed according to an ancient statute which was obligingly dug up by Jewish lawyers) or they may be released as soon as the goal of one hundred million dollars is reached. Already the press has dropped its fantastic claims of a national plot against the Jews, as well as the statements of FBI agents that they were prepared to make arrests in a dozen other cities of important "conspirators."

Few Americans know about the agreement made by the Anti-Defamation League and the FBI in 1938, in which they agreed to have access to each other's files; or that FBI agents, when reporting on an investigation which involves Jewish interests, send a carbon copy of their report to the ADL headquarters in New York, for which they receive \$100, a sum which is not reported on their income tax. Some FBI agents receive as much as \$600 a month extra for sending these reports to the ADL. J. Edgar Hoover's recent book, "Masters of Deceit," was largely written for him in the ADL offices in New York, for favors received.
